

Richard Lucking - AD & Membership

I've thoroughly enjoyed the summer weather, Chapter members company and the adventures we've had this year. Here's to much more of the same during next couple of months and next year.

Membership stands at 149 and we continue to gain new members and enjoy old members rejoining us after a break.

Please keep an eye on your HOG membership - staying current keeps criticism from HOG at bay - 'they' have access to HOG and Chapter membership records.

I have previous year bars (and the Chapter pin to hang them from) for anyone that has lost them.

Chapter Membership renewal is due in January so during October I will (politely) remind you of methods of paying and Chapter Bank Account details for those wanting to Bacs. HOG state that a signed and dated renewal/application form is required each year (even if no details have changed).

Thank you/regards

Richard
