

## Richard Lucking - AD & Membership

I look forward to all that 2023 brings us and appreciate those friends that have renewed, come back to us after a break or joined the Chapter as new members - all are very welcome.

We finished 2022 at 151 members strong and although that membership number ebbs and flows I'm confident we will see similar numbers this year.

Please where you can - do support HD Motor Company, HOG, Plymouth Chapter UK and particularly our sponsoring dealership Plymouth Harley Davidson - Chris Iris and gang want to do their best for us. It is the above combination that provides events and Rally's here and abroad, friendships that come from it and more locally our Club Nights, Rideouts, EATW's, Breakfast Clubs, parties, Getaways, PHD 10% discounts and other initiatives, etc, etc.

It already looks like we have a busy Chapter year ahead with members attending official Rally's at home and abroad and also doing their own thing with motorbike adventures where they'll also fly the Chapter flag.

Enjoy it everyone, regards

Richard
